Chill n Fill - Colouring-In Workshops

A fun and creative activity for tweens and teens.

Participants are encouraged to explore the vibrant world of alcohol markers, using fun, modern illustrations. In a calm, supportive environment, participants will learn skills like blending, layering, shading and colour theory – all while expressing their unique creativity.

Participants will use professional alcohol markers to colour like a pro! During the workshop:

- Choose fun characters to colour
- Learn how to blend colours, shade like a comic artist, use special effects and make your artwork pop
- Try new techniques using alcoholic markers
- Hang out in a relaxed space with others and channel your creativity
- Head home with your artwork, perfectly finished with a black mount - ready to hang and admire.

Designed to suit all diverse young people, the session includes visual supports, sensory-friendly materials, a structured format that makes space for every learning style and a chill-out zone. Dungeons & Dragons

Dive into the world of Dungeons and Dragons (D&D) in a welcoming environment led by Jake, our dynamic Dungeon Master. D&D is more than just a game - it's a collaborative storytelling experience that encourages imagination, critical thinking, and teamwork. Through its fantasy setting, participants can safely explore alternative perspectives, resolve conflicts, and build empathy and interpersonal skills. These sessions will use the 5e 2014 D&D framework.

Ages 9-12

FOR KIDS - Two options are available for the 9-12 year old kids, one for absolute beginners and another for kids with some D&D experience.

Absolute Beginners: Players will be provided with pre-made characters, allowing them to jump right into the action with minimal setup. With Jake's guidance in a small group setting, even complete beginners will feel at ease as they learn the ropes of the game and discover the joy of D&D.
